

RECEIVED BY BPA PUBLIC INVOLVEMENT LOG#: R0-0171 RECEIPT DATE: SEP 8 0 2002

Sept 25-02
Dear Steven Wright- administration
Proposals by the aluminum
industry for long term BPA Contracts
must be accepted. For more than 60
years BPA and the industry have
been partners in this state. Bringing
infrastructure and low rate Power
for everyone. to Consider giving the
industry even less in the future is
downright wrong. Please take action
to save the industries that remain
in this state. these jobs are very
important. Please make sure
affordable power is available to
Industry

Sincerely,
David L. Coleman
